

The Oz Park Advisory Council is proud to announce that we have received a generous grant from the Cub Charities 2017 Diamond Project to re-sod the athletic field in Oz Park. The project is scheduled to begin September 1st so the field will be off limits in the fall. Arrangements are being made for Lincoln Park High School and other regular users of the field to use other facilities.

Since 2014, Cubs Charities Diamond Project has invested in 45 capital projects that improve the quality, safety and accessibility of fields or indoor training facilities, support 28 youth leagues and provide new sports equipment to kids and programs throughout Chicago.

Go Cubs and Go OPAC!
